POWERFUL, RUGGED AND WIRELESS.

Panasonic presents the Toughbook® 31, the reliable laptop offering the highest performance in its class along with the world's most rugged design. With drop-shock protection and a MIL-STD-810G certification, it's the undisputed leader in the fully-rugged category. Its new Intel® Core™ i5 and i3 processors, along with available discrete graphics, pack a punch to deliver desktop-class performance and improved video/3D graphics. An integrated webcam option, larger storage capacity and up to 20 hours of battery life (with optional media bay 2nd battery)¹ set the Toughbook 31 apart from the competition. Combine six generations of delivering rugged performance plus 12 years of consistent docking compatibility, and you have a computer that will go the distance with you anytime, anywhere.
