

X500

Windows®. Life without Walls™. Getac recommends Windows 7.

ULTRA RUGGED 15.6" NOTEBOOK

15.6" Widescreen full HD display
800 NITs QuadraClear™ LED display
Intel® Core™ i7 2.66GHz processor
Glove-friendly multi-touch LCD option
MIL-STD-810G and IP65 certified
MIL-STD-461F ready*
High-Power WiFi booster option
Night Vision display option
Expansion Unit (PCI or PCIe) option
Industry's best 5 year bumper-to-bumper warranty

Large HD Display.

The X500 features a massive 15.6 inch full HD 1080p widescreen display delivering crystal-clear high def. Configure yours with the NVIDIA® GeForce® GT G330M discrete graphics with 1GB of dedicated memory and you will get faster speeds (frames per second) with incredible responsiveness.

Next Generation Processors.

With a state-of-the-art 2.66 GHz Intel Core i7 dual core processor, the X500 is the most powerful rugged computer ever made. The dual-core processor is ideally suited to handle the multi-tasking necessary in today's complex work environments.

Expansion Chassis.

The X500 offers an expansion chassis that truly distinguishes itself from other rugged notebooks. With two slots for either PCI or PCI Express, the X500 with expansion chassis combines the expandability of a desktop computer with the portability of a rugged notebook.

Sunlight Readable Display.

Standard on every X500 is the advanced QuadraClear™ display. Getac's QuadraClear solution combines proprietary technologies for both screen brightness and anti-reflectivity to reduce the sunlight's reflectivity and provide a more effective contrast ratio than other displays.

Built to Survive.

Built from high quality magnesium alloy, the X500 features a casings that is specifically engineered to protect the computer against drops, shocks, spills, vibration and more. The sealed design of the X500 protects it against dust and moisture. The X500 has been independently tested and certified to MIL-STD 810G, IP65 and MIL-STD 461F standards.

Industry's Best 5-Year Warranty.

The X500 is designed from the inside out to survive drops, shocks, spills, vibration and more. We're confident in our quality and that's why the rugged X500 comes standard with the industry's best 5-Year bumper-to-bumper warranty.

Warranty 5 Year bumper-to-bumper warranty standard^{††}

Specification subject to change without notice.

Battery life testing conducted under BatteryMark 4.0.1. Battery performance will vary based on software applications, wireless settings, power management settings, LCD brightness, customized modules and environmental conditions. As with all batteries, maximum capacity decreases with time and use and may eventually need to be replaced by a Getac service provider. Battery life and charge cycles vary by use and settings.

* Requires MIL-STD 461F 90W AC Adapter sold separately.

*** For storage, 1GB = 1 billion bytes; actual formatted capacity less.

^{***}Computers configured with a 32-bit operating system can address up to 3GB of system memory. Only computers configured with a 64-bit operating system can address 4 GB or more of system memory.

[†] Weight varies by configuration and manufacturing process.
